## **RATES**

---

### **1. RECORDING**

A full day of recording is 8 hours. A different rate is applied depending on the type of project.

The provision of the studio and, on request, of the residence gives rise to a definitive price estimate accepted in advance by the Client.

The price is fixed based on a detailed account, in quantity and price, of each service and each specific piece of equipment provided to the Client.

### **2. MIXING**

A different rate is applied depending on the type of project.

The provision of the studio and, on request, of the residence gives rise to a definitive price estimate accepted in advance by the Client.
